COVID-19

By strictly following the recommendations of the authorities together with implementing a number of precautions to reduce spreading of COVID-19 we are operational and ready to receive your bookings. Therefore please donot hesitate to contact us.

Road Freight

Bookings are accepted, and our trucks are still running. However, we are facing limitations. Therefore transit times and rates are to be agreed on each order. Consequently any existing agreements on rates and transit times are therefore temporarily suspended.

As some receivers are closing their operations due to the situation, we ask all shippers to check the delivery situation with the consignee and hold back shipments, if uncertain that the consignee can receive. Bendix Transport Danmark A/S reserve the right to store the cargo at your costs or return shipments that cannot be delivered due to above mentioned reasons at your costs.

Ocean Freight

It is possible for us to arrange import and export from/to most destinations. However, we are facing limitations. Therefore transit times and rates are to be agreed on each order. Consequently any existing agreements on rates and transit times are therefore temporarily suspended.

Airfreight

Many airlines and airports are closing down. Many destinations are only operated by passenger flights and consequently facing capacity problems. Therefore transit times and rates are to be agreed on each order. Consequently any existing agreements on rates and transit times are therefore temporarily suspended.

Warehousing

Our terminals are open and working as normal.

Please call us or send us a mail.

Together we find the best solution.
